

Application for Internship in Summer Horsemanship Camp 2024

Do you love working with kids?

Do you enjoy helping others learn?

Do you want to share in the joy of HCR?

For over 46 years, Halleck Creek Ranch's (HCR) riding programs have built important connections between the disabled and non-disabled communities by giving volunteers the opportunity to interact with people with special needs.

In an effort to meet the growing needs of our community, HCR will again be offering three weeks of summer horsemanship clinics for youth and young adults with special needs, ages 5 years and older. Each week is overseen by two adult riding instructors, and supported by youth interns. Volunteers, ages 14-18 years, are invited to apply for intern positions. Interns will be asked to interact with and teach their special needs peers, helping to break barriers that often exist between those with and without special needs in our community.

Interns will coordinate with staff, and facilitate each week's activities. Those chosen for the internship will be asked to take on a leadership role, and use problem solving skills throughout each day to ensure that the clinics run smoothly and successfully. If selected, you will receive extra one-on-one training with our staff and horses.

If you feel you have what it takes to be a Summer Camp Intern, and want a special opportunity to give back to HCR in a new and exciting way, **please complete the application below and return it to me.**

Looking forward to a fun and exciting summer with you!
